

# Cordova Freight Shipping Options

TRANSPORTATION MODE	
<p><b>SHIPPING BY BARGE</b></p> <p>Alaska Marine Lines ships freight by barge. Shipping by barge is typically a slower but more economical way of moving freight. Barges also can accommodate bulky and oversized shipments.</p>	<p><b>SHIPPING BY TRUCK AND OCEAN</b></p> <p>Lynden Transport uses a combination of truck and ship to move freight to Alaska. This is typically the faster way to move freight to Cordova but a higher cost than the barge.</p> <p>Lynden Transport can also coordinate truck and barge services for full container loads.</p>
