About Lynden Transport

Lynden has been providing transportation and logistics solutions to customers since 1906 when the company was known as Lynden Transfer. When Hank Jansen took the helm in 1947, he established the now legendary Lynden brand of service: **Put the customer first, deliver quality, be the best and have fun doing it.** Lynden has now grown into a multi-modal companies serving the world via air, land and sea, but our mission remains the same. We believe complex transportation challenges can be solved in the hands of the right people with the right tools and the right experience.

Alaska Expertise

The leader since 1954

In 1954, Lynden Transport pioneered scheduled over-the-road truck service to and from Alaska on the Alcan Highway. Sixty years later, we are still the trusted leader for moving freight to, from and within Alaska. Our network of 23 Service Centers, with 17 in Alaska, is unmatched. With the most versatile and largest equipment fleet in the Alaskan market, along with highly specialized equipment to service the state's bush areas, Lynden Transport stands alone in its Alaska expertise. We have logged millions of miles establishing our reputation as the most flexible, innovative transportation company serving the great state of Alaska.

Our People

Building lasting partnerships

Customer service is the No. 1 reason people choose Lynden Transport and why they keep coming back. Our philosophy is to listen, take responsibility and do whatever it takes to get the job done. This dedication to customer service has been recognized with numerous awards and the loyalty of our customers; many of which have been with us since we started serving Alaska in 1954. At Lynden Transport, we treat customers as partners and work alongside them to meet their goals to lower costs and increase value. **That's the Lynden way.**

Our Services

Lynden Transport is a regional carrier providing Truckload (TL) and Less-than-truckload (LTL) Dry, Flat, KFF, Chill and Freeze services to, from and within Alaska. We offer expedited routes via California, Illinois, Oklahoma, Oregon, Texas, Washington and Alberta, Canada, to and from Alaska. Lynden Transport gives you the assurance of a single company in complete control from pickup to delivery. Using our National Dispatch Service, we can arrange for your shipment to be sent from anywhere in the U.S. and Canada to Alaska. We provide you with a seamless single-invoice transaction.

Lynden Transport provides multi-mode, full-service, regional, common and contract carrier services. Our QuickTrans Alcan Highway service is available for expedited Truckload and Less-than-truckload shipments. Lynden's standard service to Alaska is ship (motor vessel) service and economical barge (tug and barge) service. We offer you the most options with the greatest flexibility and fewest service interruptions.

QuickTrans

QuickTrans provides the economy of truck freight with the speed of air freight. Lynden offers fast and reliable twice-weekly scheduled team-driver Alcan Highway service between Seattle/Tacoma, Washington, and Anchorage, Fairbanks, Kenai, Valdez and Prudhoe Bay, Alaska.

Unscheduled full TL QuickTrans Service is available on a demand/quote basis.

Dynamic Routing and Predictive Delivery

Our unique Dynamic Routing service allows you to take advantage of our integrated multi-modal capabilities by tailoring the speed of delivery for your shipments – even while your freight is en route. Choose QuickTrans to speed up your freight, or barge service to slow it down. You choose the best route for your budget, needs and timeline.

Predictive Delivery allows you to see exactly when your freight will arrive. We use our tracking system to plan the most efficient delivery route and keep you updated with constant electronic communication from our delivery vehicles.

Heavy Haul and Hazardous Materials

We are the experts on heavy hauling to the Prudhoe Bay and Kenai oilfields of Alaska. With our extensive mining and construction experience, we offer a mix of specialized equipment and skilled drivers to provide the best possible service. We also have years of experience transporting hazardous materials for customers. Leave it to us to handle sensitive loads safely and with attention to environmental rules and regulations.

Equipment

We've got you covered

Lynden Transport can handle virtually any transportation need to, from or within Alaska. From hovercraft to self-propelled shallow draft barges to Hercules aircraft and tundra trucks, we have the most diverse and specialized fleet of equipment in Alaska. Lynden transports freight across frozen lakes and tundra and makes deliveries to offshore drill rigs and tiny villages throughout bush Alaska.

Each year, Lynden Transport is trusted with moving temperature-sensitive seafood, pharmaceuticals and other products between Alaska and North America. Our array of chill and freeze equipment, along with a variety of transportation modes, provides customers with more flexibility and options than any other carrier.

The Lynden Difference

- Largest purchaser of water services to and from Alaska
- Access to all three water services, RO/RO, LO/LO and barge
- Service to Central Alaska via truck, QuickTrans, ship or barge
- Service to Southeast Alaska via barge and Alaska Marine Highway
- Scheduled and unscheduled Quick-Trans expedited team road service
- Flexibility of Dynamic Routing; pick the speed you need
- EZ Commerce applications and EDI services
- K-Beam equipped trailers and containers
- Van, container, refer, flat and lowboy equipment
- 16 Service Centers in Alaska for complete coverage
- Maximum transportation options and flexibility
- Ability to purchase the space you need whether LTL, 28', 40' or 53'
- A caring company with caring employees watching over your business
- Dry, chill and freeze services
- Predictive Delivery

EZ Commerce

Keeping you connected online and on the road

Shipment Tracking

Our tracking feature allows you to view your shipment's current status and obtain copies of signed delivery receipts, bills of lading or invoices. You can search for shipments using a variety of reference numbers or based on a specific date range.

Reporting

We put you in control of your important shipment information. You can view your reports online, download them to your computer, or receive them via email. In addition to standard reports, custom reports can be created to fit your specific needs.

Create a Shipment

EZ Commerce lets you initiate shipments with Lynden at the touch of a button. Frequent shipments can be saved as "templates", allowing you to quickly repeat your regular shipments without having to re-enter information. The system will also fill out the appropriate labels and documents for your type of shipment.

Invoicing

Reduce your paperwork and save time by receiving invoices by email with supporting documents such as bills of lading and proof of delivery receipts.

Shipment Updates

Tracking your shipment now gets easier! Receive automatic email notifications when your shipment hits certain milestones in the shipping process.

- Weekly intermodal container and railbarge service between Seattle and Whittier with connections to Central Alaska
- Alaska intrastate services

Awards and Recognition

Lynden Transport has been recognized for its customer service, on-time performance, value and environmental efforts in Alaska and the Pacific Northwest.

We were the first trucking company in Alaska to qualify for the Environmental Protection Agency (EPA) SmartWay Transport Program. The partnership is a collaboration between the EPA and transportation companies to voluntarily improve fuel efficiency and reduce air pollution. Lynden Transport was awarded the highest score possible. Lynden is also part of the Port of Tacoma's Clean Truck Program and has earned an Alaska Green Star award for practicing waste reduction and energy conservation. Nationally, Lynden Transport has won numerous Quest for Quality awards for on-time performance and superior service. The awards are based on surveys from shippers and customers.

Lynden gives back to the communities it serves by contributing financially and with in-kind services to a variety of worthy causes. In Alaska, Lynden sponsors the Jr. Iditarod each year as well as sponsoring mushers and their dog teams for the annual Iditarod sled dog race. Lynden Transport donated transportation of a 1931 American Pilgrim aircraft for display at the Alaska Aviation Heritage Museum and an 18-ton historic locomotive for the Alaska State Museum in Juneau. Lynden companies and employees support more than 800 charitable organizations including United Way, Habitat For Humanity, the YMCA and local food banks.
