

***Global Air & Ocean  
Forwarding and Logistics***

**LYNDEN  
INTERNATIONAL**

*Lynden Air Freight, Inc.*

Lynden International is all about freight forwarding and logistics.

From complex projects to home deliveries and everything in between, you can count on Lynden International to deliver the right solution.

---

## Services

Freight forwarding and logistics is our business. We take the time to understand your business – we create customized supply chain solutions.

Regardless of the mode or services involved, Lynden is the solutions provider trusted all around the world.

Lynden International provides complete coverage to major world markets.

## Global Coverage

Lynden International has operations spanning the globe to provide you, your customers and vendors with complete freight forwarding and logistics capabilities.

Working with you, we can build a program to best serve your supply chain from purchase order through end delivery.

### Services include:

- Air freight
- Ocean freight
- Expedited ground
- Customs brokerage
- Logistics
- Supply chain management
- Vertical market specialization
- Warehousing, assembly and distribution
- Inventory and reverse logistics
- Dedicated account management

---

# Dynamic Routing

At Lynden International, we've been serving the offshore markets of Alaska, Hawaii, and Puerto Rico for over 20 years. Offices in Canada and Mexico aren't far behind that tenure.

Dynamic Routing allows Lynden to work with you based on your supply chain. We can speed up shipments if product is needed sooner or convert to ocean when time permits.

**You pay for the speed you need.**

## Lynden International provides complete coverage to major world markets.

We understand the complexities of international trade and government regulations. We work with you to navigate around the challenges to ensure on-time deliveries.

From charters, oversized cargo and everywhere in between, we give you *flexibility and control*.

### A Sampling of Capabilities include:

- Money saving scheduled consolidations
- Expedited services
- Door-to-door
- Customs clearance
- Multi-modal Dynamic Routing

---

## Industry Solutions

Lynden International provides specific industry solutions based on your products. We understand the industry jargon and nuances as well as the logistical challenges.

*We can pack it, track it, store it, repackage it and deliver it – whatever your business or circumstances require.*

Industries  
include:

- Aerospace
- Automotive
- Commercial and Government Projects
- Electronics
- Global Health and Humanitarian

---

## Online Services

Lynden's exclusive EZ Commerce program helps you keep in touch with your freight whenever and wherever you need to.
