## Commerce

### **EASY TO USE ENHANCED WEBSITE**

Or should we say “easy commerce”, because that’s how we define e-commerce. Our website makes it easy for our customers to conduct their business with innovative, advanced automation. From the Lynden EZ Commerce Center you can request pickups, generate documents, trace shipments, view Delivery Receipts, download reports of your shipment activities, receive PDF invoices, and make payments — saving you time and making your job easier.

## Shipping

### **BOOKING A SHIPMENT HAS NEVER BEEN EASIER**

Simply login to our secure site, choose the mode, and select your shipping profile of frequently used information, including origins and destinations. Make the appropriate selections from drop-down lists, click the “Submit” button and you’ve begun the shipping process. You’ll receive a confirmation and you can leave the rest to Lynden. It’s that easy.

### **AUTOMATED DOCUMENTATION**

Whether you need a Domestic Air Bill, International Shipper’s Letter of Instruction, Export Declaration, Bill of Lading, Pickup Manifest, or Domestic and International Shipping Labels, the system remembers your shipping information, and it fills out the appropriate documents and labels for your type of shipment. Documentation has never been this quick and easy.

## ONLINE SCHEDULING OF FREIGHT PICKUPS

{Alaska Marine Lines and Lynden Transport only}

Using your EZ Commerce login and password, simply enter your own pickup information, submit your request, and the information is automatically sent to Lynden. You'll receive a confirmation via email that your pickup has been received by our dispatch department, usually within a minute, depending on the speed of your computer and Internet service. If you find yourself regularly picking up the phone to call for freight pickups, EZ Pickup will save you time and make your job easier. If you are already an EZ Commerce customer, all we need is your email address to send you confirmations. Once you are set-up, a customer service representative is available to walk you through your first pickup. No more phone calls, just click "Submit."

## KEEPING AN EYE ON YOUR SHIPMENTS

The Lynden EZ Commerce Center keeps you in touch with your shipment, 24 hours a day, seven days a week. With our advanced EZ Tracing system you can obtain detailed information. You will be able to see a time sequential view of the progress of your shipments every step of its journey from origin to destinations. EZ Tracing includes status reports, as well as links to images of signed Delivery Receipts, Bill of Lading and other available documentation. New information is updated regularly, so you are never out of touch.

## REDUCE PAPERWORK

EZ Invoicing reduces your paperwork and saves you time by sending your company an email message with up-to-date invoices, as well as links to important supporting documentation.

## STREAMLINE PAYMENTS

EZ Payment helps you complete your shipping with an easy and secure way to pay invoices online. Customers can select from a list of current invoice and determine the exact amount they wish to pay for each invoice. EZ Payment streamlines invoice and payment processing, as well as check processing costs, and reduces worries of paying on time.
