Subj: Alaska Railbelt Marine, LLC Vessels  
VESSEL SECURITY PLAN APPROVAL

Ref: (a) Your letter dated May 13, 2004  
(b) Title 33 Code of Federal Regulations (CFR) Part 104

Dear Mr. Williamson:

We have conducted a review of the Vessel Security Plan (VSP) submitted with reference (a) in accordance with references (b) and have marked it "**Approved.**"

Commencing July 1, 2004, your vessel(s) must operate in compliance with this approved VSP and any additional requirements contained in reference (b). You are reminded that any deviation from this approved plan requires you to immediately report it to the local Captain of the Port (COTP)/Officer in Charge, Marine Inspection (OCMI). Your VSP is sensitive security information and must be protected in accordance with 49 CFR Part 1520.

This approval will remain valid until five years from the date of this letter unless rescinded in writing by the local COTP/OCMI. You must review your plans annually and submit any amendments to this office for re-approval. Please ensure that a copy of the VSP is maintained on board manned vessels or, for unmanned vessels, at a suitable secure location that is readily available during an emergency or security incident. You shall make available to the Coast Guard, upon request, this letter, the VSP and any information related to the implementation of the VSP.

Sincerely,

A handwritten signature in black ink that reads "Roy A. Nash".

R. A. NASH  
Captain, U.S. Coast Guard  
Commanding Officer  
Marine Safety Center
