## Weather Delay for Voyage 6453

Valued AML Customers,

Bad weather in the Gulf of Alaska has delayed the progress of Central Alaska voyage 6453, which departed Seattle November 1st. Currently, we are anticipating an arrival date in Whittier of approximately Friday, November 18th, with cargo available in Anchorage the week of November 21st.

Please note that these dates are subject to change depending on weather conditions. We will update you with any new information as it becomes available. You are also welcome to contact our customer service department or your sales representative for updates. We recognize the inconvenience this may create, and appreciate your patience and continued support as we deal with these adverse weather issues.

Sincerely,

Jake Maenpa - Director of Sales
