Rate Increase Notification

Southeast Alaska

Dear Valued AML Customers,

Alaska Marine Lines has filed with the Surface Transportation Board for general rate increases on shipments to, from and within Southeast Alaska and including Yukon, Canada. In general, the increase is 3.6%. This increase will become effective on January 27, 2019.

Due to the nationwide driver shortage impacting driver availability and rates, we have adjusted our full load trucking rates separately to reflect the change in market conditions.

If you have questions about how these increases will apply for your business, please contact your Account Representative.

Thank you for your continued support.

Sincerely,

Dave Curtis, Vice President - Pricing
Alaska Marine Lines
