Rate Increase Notification

Western Alaska

Dear Valued AML Customers,

Alaska Marine Lines has filed with the Surface Transportation Board a 3.6% general rate increase on shipments to, from and within Western Alaska points as named in tariff STB AKMR 316, series, including Bethel, Dillingham, Kotzebue, Naknek, Nome and associated villages. This increase will become effective on January 1, 2019.

Due to the nationwide driver shortage impacting driver availability and rates, we have adjusted our full load trucking rates separately to reflect the change in market conditions

If you have questions about how these increases are applied for your business, please contact your Account Representative.

Thank you for your continued support.

Sincerely,

Dave Curtis, Vice President - Pricing
Alaska Marine Lines
