## Statement on the Coronavirus Disease 2019 (COVID-19)

Dear Valued Customer,

Alaska Marine Lines continues to maintain normal business operations and our barges continue to run according to our regular schedules. We have been closely monitoring the COVID-19 situation, and while a concern we are taking seriously, the Lynden family of companies has [procedures and plans in place](#) to mitigate the effects of a larger outbreak on our operations.

Safety is one of our core values, and we have key personnel dedicated to ensuring we operate in a safe, secure, and environmentally responsible manner. We maintain active communication with local and federal agencies and closely monitor recommendations by the Centers for Disease Control (CDC). We are communicating with employees working in areas affected by COVID-19 and adjusting practices to ensure proper precautions are taken.

Please contact us with any questions or concerns about our services or contingency plans.

Sincerely,

Alaska Marine Lines
