QuickTrans

Lynden Transport's QuickTrans provides reliable team driver highway freight service between the Seattle/Tacoma area and major points in Central Alaska. Pick-ups should be requested by noon on Tuesday and Fridays or you can deliver to our Tacoma (Fife) freight terminal by 5:00 PM those same days.

SCHEDULES:

Anchorage: Departures are Tuesdays and Fridays from Tacoma with arrivals on Fridays and Mondays respectively. Freight will be available for pick-up at our Anchorage dock by 8:00 AM or will be delivered by noon on the arrival day.

Fairbanks: Departures are Tuesdays and Fridays from Tacoma with arrivals on Fridays and Mondays respectively. Freight will be available for pick-up at our Fairbanks dock by 8:00 AM or will be delivered by noon on the arrival day.

Kenai/Prudhoe Bay: Add one day to the Anchorage schedule for Kenai and one day to the Fairbanks schedule for Prudhoe Bay. Freight arrives and is available or delivered on Saturdays and Tuesdays.

Featuring

- Computerized billing
- Full service terminals
- Complete hazardous material and waste hauling capabilities
- Comprehensive insurance coverage in excess of D.O.T. requirements
- Full compliance with current D.O.T. safety standards
- TL and LTL service for general commodities, oilfield, mining and construction material

Working for Alaska's Future

This has been Lynden's goal since 1954. As the most flexible, innovative transportation company in North America, Lynden Transport has logged millions of miles in establishing its unrivaled supremacy in Alaska freight transportation.

Important Information

It is important to tell the Lynden dispatcher your call is a pick-up for "Quick-Trans service". You must include the word "QuickTrans" in the body of your bill of lading to insure your shipment receives it's scheduled service.

The Alaska Environment

Alaska's challenging terrain makes incredible demands on people and equipment, but through Lynden's determination and capability, the challenges of weather, rough roads and remote destinations have been met and conquered to provide the dependability and shipping excellence expected of us.

A Full Spectrum of Equipment

This includes dry, insulated and temperature controlled trailers, and flatbeds in standard, step, stretch and lowboy configurations. The most extensive fleet of equipment in Alaska assures you of special care in handling and transferring cargo.

A Communications Network

Ours is the most comprehensive network in Alaska and is at the heart of Lynden's advanced tracing, expediting and rate quotation service. It is available on a "right now" basis at any terminal or sales office. Lynden has electronic imaging and is EDI capable, as well as Internet tracing and document retrieval.

E-commerce website

Or should we say easy commerce, because that's how we define e-commerce. Our website makes it easy for our customers to conduct their business with innovative, advanced automation. From the new Lynden E-commerce Center you can request pick-ups, generate documents, trace shipments, view Delivery Receipts — all without having to make a phone call, any time, any day.
