Update: Barges have departed Seattle

Dear Valued Customer,

This is an update regarding the mechanical malfunction that was preventing Seattle's Spokane Street bridge from opening to allow marine traffic to transit the waterway.

Repairs to the bridge have been completed. Southeast Alaska Voyage S1451 is underway and scheduled to arrive into Southeast ports delayed by about 48 hours. Voyage S1452 is also underway as regularly scheduled. Thank you for your patience as we worked through this extremely rare and uncontrollable event.

Please contact your sales representative or our customer service department with specific questions or concerns.

Sincerely,

AML
