Update on Late Arrival - Voyage C3034N

Dear Valued Customer,

This is an update to our previous message regarding the avalanche and subsequent derailment in Central Alaska.

As a reminder, AML rail service for Voyage C3034N and cargo for Central Alaska is unavoidably delayed until AKRR can clear and repair the main line. The AKRR has successfully re-railed two engines and plan to re-rail the third engine today.

We apologize for the inconvenience and appreciate your patience as we work to safely resume service as soon as possible. Updates will be provided as more information becomes available.

Please contact your sales representative or our customer service department with any questions or concerns.

Sincerely,

Alaska Marine Lines
