## **Central Alaska Tariff and Fuel Surcharge Update**

Dear Valued Customer:

Alaska Marine Lines has filed with the Surface Transportation Board to baseline adjust its Central Alaska tariff STB AKMR 314, series, covering shipments to and from the ports of Anchorage, Fairbanks, and Whittier, as well as the locations serviced through those ports. Effective October 1, 2023, all tariff ocean freight rates and accessorial charges that are subject to fuel surcharge will be increased 4.96% and the fuel surcharge will be reduced from 27.0% to 21.0%. The net effect on the bottom line of an invoice will be zero.

Contracts in effect prior to October 1, 2023 will not be adjusted at this time and will be subject to an historical fuel surcharge tariff rule, presently at 27.0%. Please contact your Sales Representative if you have contract rate questions.

Sincerely,

**Margretta Grace, Director of Pricing**  
**Alaska Marine Lines**
