AML Notification of General Rate Increase Central Alaska

Dear Valued Customer,

Alaska Marine Lines has filed with the Surface Transportation Board for a general rate increase of 7.5%, effective December 10, 2023. This filing applies to STB AKMR tariff 314, series, excluding commodity items 1450-000, 1450-001, and 1450-002 (household goods). Rule 942 (Terminal Charge) rates will be increased by \$60.00 per northbound container.

Local trucking and other accessorial charges in STB AKMR tariffs 314, series and 100, series, will also be adjusted on the same date. These increases are necessary to keep pace with rising costs, inflation and to continue to provide the consistent and reliable level of essential service that our customers and communities rely on.

If you have questions about how these increases will apply for your business, please contact your Account Representative. Thank you for your continued support.
