B. INTER-TERMINAL TRANSFER: (Applies only when specifically referenced)							
Inter-terminal transfer conditions and charges will be applied at the Carrier's discretion and as circumstances and cargo configuration require:							
<ol style="list-style-type: none"> 1. Rates, named herein and making reference hereto, on single pieces of over-dimensional (i.e., over 50' long or 9' wide or 9'6" high) or unusually heavy cargo (i.e., 50,000 pounds or more) destined to Outer-Island locations, will not include transfer between Carrier's Honolulu Terminal and connecting carrier's Honolulu terminal, nor the cost to shift a barge between terminals. If Carrier arranges such inter-terminal barge shift, the provisions of STB AKMR 100, series, Rule 300 apply. 2. Inter-terminal charges for over-dimensional loads will be assessed based on the length, width, height and weight criteria stated above. A special quote must be obtained for these charges. 							
Single pieces or loads of cargo that are higher or heavier than certain upper limits, and which are consigned to Neighbor Islands beyond Oahu, may require on-carriage by use of specialized trailers that will be required to convert the loads into Roll-On / Roll-Off shipments for handling by the inter-island barge carrier. This applies only to units that are not wheeled, tracked, or on trailers and not capable of being driven or towed onto a barge. This typically applies to particularly heavy items or those exceeding 11'6" overall width. In those cases, it will be the responsibility of the shipper to make arrangements for, and to pay for, the use of the trailers in transit.
