Notice of Increase in Fuel Related Surcharge

Dear Valued Customer:

Alaska Marine Lines has filed with the Surface Transportation Board to revise the previously announced fuel related surcharge increase for shipments to, from and between points in Western Alaska as defined in tariff STB AKMR 316, series, Rule 345, covering the ports of Bethel, Dillingham, Naknek, Nome, Kotzebue, and villages serviced through those ports, adjusting the surcharge from 9.0% to 13.5%, effective April 5, 2026. This change does not affect rates or fuel surcharge in Dutch Harbor, Aleutian Islands or Kodiak areas. This filing supersedes our earlier notice for this market and reflects continued escalation and volatility in fuel costs since our original filing.

We continue to monitor fuel prices on a daily basis and will adjust the fuel related surcharge when necessary.

We appreciate your business and your understanding with regard to fluctuating fuel prices.

Sincerely,

Margretta Grace, Director of Pricing
Alaska Marine Lines
